

## THE GREAT GAME OF POLITICS

By FRANK R. KENT

### Supreme Court Vacancy

Washington, Aug. 17. ALMOST any day now Mr. Truman is expected to fill the existing vacancy on the Supreme Court. This appointment is awaited with unusual interest. It easily may be more revealing of the man than anything he has done since he became President. It may provide the answer to the great question of whether he is really sympathetic with the "conservative" of the Henry Wallace type, or whether his liberalism is modified by belief in the multiplication table and a feeling that all new proposals are not necessarily sound.

—O—

IN NAMING Justice Robert's successor there seem three courses open to the President. He can select a man of recognized tendencies toward the left who will join the Black-Douglas-Murphy combination and thus cement the control of the radical group. Or, he can select a man, learned in the law—who is sure to affiliate with the restrained liberals, headed by the Chief Justice and rendered potent by the support of Justice Frankfurter and Justice Jackson. As a third alternative he can continue his habit of making appointments from his former colleagues in the Senate. In that event, the most likely choice is Senator Warren Austin, of Vermont, a Republican with a fine record and the respect of both sides.

—O—

IF Mr. Truman names as Justice someone who will follow the leadership of Justice Black, it not only will mean undisputed control of the court by the crusading element for some years to come but it will greatly stimulate and encourage the radical groups and the professional labor leaders all over the country. These have been somewhat discouraged and perturbed in the last few months over what they regard as the conservative tendencies of Mr. Truman. They know that as a senator he supported Mr. Roosevelt's policies and had a practically perfect New Deal voting record. But this they, as do others, attribute not to any personal enthusiasm over the New Deal program but to the fact that he is a regular Missouri machine Democrat who believes firmly in supporting the organization and following the party leader. Now fate has made him the party leader and he is under no obligation to follow anyone. If, therefore, he is his first Supreme Court appointee he names an extreme liberal it would be a revelation of his own feeling and would justify rejoicing among the "advanced thinkers."

## JAPANESE GOV'T SAYS FIRST STEP IN SPEEDING A COMPLETE CESSATION OF HOSTILITIES IN PACIFIC IS UNDER WAY

Make Urgent Request to MacArthur to Call Halt to Russian Offensive in Manchuria—Two Planes Carrying Members of Imperial Family to Enforce "Cease Fire" Order, Leave Tokyo.

By Joseph A. St. Amant  
I. N. S. Staff Correspondent

The Japanese Government notified Gen. Douglas MacArthur today that the first step in speeding a complete cessation of hostilities in the Pacific has been taken.

Just previous to the message telling of the royal parties' departure, the Japs sent an urgent request to MacArthur to call a halt to the Russian offensive in Manchuria.

MacArthur was informed that two planes carrying members of the Japanese Imperial family who will enforce the Emperor's "cease fire" order left Tokyo today at 9:50 a. m. Japan time (5:30 p. m. PWT, Thursday).

The message explained that the flights were undertaken as previously advised in radiogram No. 2 to MacArthur from the Japanese Imperial Government.

Parties for China, Manchuria and southern Asia left to carry the Emperor's message to the Japanese troops. The message said that the party for "the south," (French Indo-China), not scheduled to leave until tomorrow, left this morning "in order to avoid possible delay due to bad weather."

Notice of the "surrender" flights was the first definite step taken by the Japs to fulfill MacArthur's previous instructions.

Their tactics up to this time had delayed arrangement of the formal surrender ceremony.

The urgent Jap message concerning the Russians said that Japanese troops were meeting the "greatest difficulties" in obeying the Emperor's "cease fire" order because the Soviet troops in Manchuria "are still positively carrying on the offensive."

However this message, the fifth to be sent by the Japs to MacArthur, made no mention of the

## HERE AND THERE IN BUCKS COUNTY TOWNS

### Activities of Interest To All In The Various Communities

### GLEANEED BY SCRIBES

The Bucks County National Science Association will meet on the Newtown Friends' Meeting House grounds on Saturday at 2:30 o'clock.

Miss Josephine Carver, Forest Grove, will tell of some of the beautiful plants of marshes, and John Carson, George School, will give a talk on nature's mimicry. He will show the wonderful protective coloring provided small creatures.

James R. Gillin, Ambler, will be the third speaker. He will have several trays from his large collection of birds' eggs to illustrate points in his talk on the subject.

At the close of the program a picnic supper will be served.

Approximately 50 persons on Saturday attended the annual field day of the Bucks County Holstein Breeders' Association held on the farm of Mr. and Mrs. Milton Satterthwaite, at Woodside.

The event, which was in charge of Isaac S. Gross, Plumsteadville, president of the association, was featured by several talks of interest to dairymen, a brief entertainment and a cattle judging contest, in which juniors and seniors took part. County Agent William F. Greenawald, Doylestown, was in charge of the contest, and Dr. J. W. Bartlett, head of the dairy department of the New Jersey State College of Agriculture, New Brunswick, N. J., served as judge.

Speaking on the type and production of Holstein cattle today, Dr. Bartlett commented upon the problems confronting the breeders of purchased cattle today, and one of them he said, is the introduction of more purchased cattle on more farms. He also spoke of the importance of classification of the herd, and in this connection said a classification of the herd will result in the development of a better family of cows. Concerning types, he

## TEACHER SITUATION IMPROVES IN BUCKS

### More Instructors Replaced Recently Than New Resignations Received

### NEED MUSIC TEACHERS

The school teacher situation in Bucks County has been improving in recent weeks, according to Paul Gruber and County School Superintendent, Charles H. Boehm. More teachers have been placed than new resignations have been received.

The current shortage has shifted to music teachers. At the present time there are ten vacancies in that field. Shop, physical training, agriculture, and science applicants are non-existent and several schools will be forced to limit their offerings and also be compelled to use instructors who have not been specially trained.

Nearly all of the elementary positions have been filled.

## BLOOD DONATIONS CEASE; CANCEL ENGAGEMENT HERE

Mrs. Thomas R. Powell received official word from Mrs. Ruth Mayo, director of Blood Donor Service for Southeastern Chapter of Penna., that that program has been discontinued along the eastern seaboard through the Army command.

This will automatically cancel the visit of the mobile unit to Bristol Methodist Church on August 27th, 28th and 29th, these blood donating days having been arranged jointly by Bristol and Bensalem units of the Red Cross.

Lower Bensalem donors, states Mrs. Powell, contributed 1270 pints of blood to Red Cross mobile unit during its five visits to the area.

## THIEVES STEAL 365 CASES OF WHISKEY AND ALSO VEHICLE

### Cargo from Hunter-Wilson Co. Plant, Here, Disappears in Phila.

### VALUED AT \$18,250

### Truck Scheduled To Leave Night of Disappearance For Washington

Three hundred and sixty-five cases of blended whiskey, valued at \$18,250, and the truck-trailer on which the cargo was loaded, disappeared from the loading platform of W. T. Cowan Motor Freight, Inc., 1701 N. Delaware avenue, Philadelphia, early Wednesday, the company reported to Philadelphia police.

The disappearance of the fully loaded truck, which had been taken into the city Tuesday afternoon from the Hunter-Wilson Distilling Company plant at Bristol, was discovered Wednesday morning by Morris Gilbert, office manager of the trucking concern, when he arrived for work.

He told police that the liquor had arrived at the freight office late Tuesday afternoon and was scheduled to leave the same night for Washington, D. C. Departure of the truck, however, was delayed by the victory celebration.

Mr. Gilbert said that when he left the office at midnight Tuesday the truck was standing at the No. 1 platform at the corner of the company's property.

The disappearance was also reported to the Philadelphia Office of the Federal Bureau of Investigation.

## MORE SCHOOLS JOIN COUNTY FILM LIBRARY

### Springfield, New Hope, Solebury and Nockamixon to Use Pictures

### OTHER FILMS ADDED

Springfield, New Hope-Solebury and Nockamixon school boards have become new members in the Bucks County Film Library, Manoa R. Reiter, president of the Film Library and superintendent of Morrisville schools, announced this morning.

There are eleven members in this library, which has accumulated instructional films. Six new films have just been purchased and added to the library—five films in the field of science and one on health.

The use of classroom sound films is making slow, but steady, progress in Bucks county. Paul Gruber, secretary of the library and county specialist in audio-visual aids and testing, announced.

## Grew Resigns As Undersecretary of State

WASHINGTON, Aug. 17.—President Truman today announced the resignation of Joseph Clark Grew as Undersecretary of State. His successor will be Dean G. Acheson, at present one of the six Assistant Secretaries of State.

The retirement of Grew was long expected. The elevation of Acheson was a complete surprise. It was hailed as an indication of a progressive trend in the State Department and as signifying a tough policy toward defeated Japan.

## Miss Anna Ardizzone Is Wed to S. Sgt. T. Fisher

The marriage of Miss Anna Ardizzone, daughter of Mr. and Mrs. Mario Ardizzone, Farragut avenue, to Staff Sgt. Thomas Fisher, Jr., Lawrenceville, N. J., took place in St. Ann's R. C. rectory on Sunday afternoon. The ceremony was performed by the Rev. Fr. Peter Pinci, and the bride's father gave her in marriage. The groom is the son of Mr. and Mrs. Thomas Fisher, of Lawrenceville.

Members of the bridal party included: Miss Paula Stallone, Brooklyn, N. Y., bridesmaid; Capt. Bartholomew Passanante, Philadelphia, best man.

Dinner followed at the Hotel Stacy-Trent, Trenton, N. J., after which the bride and groom left for a week's stay in the Pocono Mountains.

Staff Sgt. Fisher is home for 32 days' furlough after 23 months service overseas.

## RELEASE SUSPECTED 'POLIO' CASE LOCALLY

### 2½-Year-Old Rosalia Quicci Was Under Observation Quarantine

### MECHANICSVILLE CASE

A case of suspected polio has been released from observation quarantine in Bristol. This case of suspected infantile paralysis was announced Wednesday. Tests yesterday proved negative.

The child who was under observation is Rosalia Quicci, two and one-half years old. Her home is at 1008 Wood street.

The health authorities again call to the attention of parents of children the precautionary quarantine which was placed on August 5th. They ask that it be rigidly observed.

Another case was reported in Bucks County. The patient is Clyde Leaver, of Mechanicsville, near Doylestown. His was diagnosed as a "slight case" at the Abington Memorial Hospital, yesterday. He was treated and sent home.

In Doylestown, the Board of Health placed observation quarantines on three homes where contacts had been made with an infantile paralysis victim, and ordered all places of amusement to ban children up to 18 until further notice.

Infantile paralysis caused two new deaths in Trenton, N. J., yesterday, raising the toll for the year to nine in the New Jersey capital.

The dead: Rev. Gordon R. MacAllister, 35, rector of St. Matthias' Episcopal Church, Trenton, who died in Connelly Memorial Hospital after being stricken Tuesday in his home, 2206 Genesee street.

Mary Carlises, 4, of 7 Pennington avenue, died soon after being admitted to the Connelly Hospital.

## No Official Holiday Will Mark V-J Day

WASHINGTON, Aug. 17.—In proclaiming Sunday, August 19th, as a day of prayer, President Truman announced today there will be no official holiday on V-J Day, which will come only after Japanese forces have laid down their arms.

The announcement of no V-J holiday came at the President's news conference. Truman said he thought the last two days had been holidays enough and that after them the prayers of next Sunday might be needed.

## LATEST NEWS BULLETINS

### FIRST TASK OF NEW "JAP" CABINET IS SIGNING OF PEACE TERMS

San Francisco.—The official Japanese Domei Agency said today that the first task of the new Japanese cabinet would be the signing of peace terms and the "fulfillment of the Potsdam Declaration."

Domei followed a report of the swearing in of Gen. Prince Naruhiko Higashi-Kuni's cabinet with a discussion of its forthcoming duties and an apparent pledge of Japan's co-operation in bringing about complete cessation of hostilities.

"Once we have laid down our arms, the Domei dispatch said, "we must take up matters with absolute calmness. If there should be any incident in violation of His Majesty's command, we will lose the confidence of the world the new cabinet must see to it that the work is carried out with the greatest care."

At the first meeting of the new cabinet this afternoon the new premier reviewed the "course of developments and asked members to "co-operate fully."

Domei declared the cabinet's future would be "very difficult" because of "mountainous problems that "must be swiftly and efficiently disposed of."

The Domei dispatch, which was beamed to East Asia and recorded by the FCC, urged the Japanese to have "absolute confidence" in the government and "conform with the wish of His Majesty."

### A B-32 Badly Shot Up by Japs

New York.—Robert Shaplen, NBC and Newsweek correspondent reported from Manila today that one of the newest type bombers, a B-32, was badly shot up during a routine flight over Tokyo at noon today (Manila time). Shaplen said a flight of four of the new type super-bombers were attacked by eight or ten Japanese fighters and were driven into the middle of a terrific anti-aircraft barrage.

One of the planes flying at 20,000 feet was badly hit on the wing flaps and tail by about 50 ack ack bursts and it returned to the Philippines full of holes.

Pilots told Shaplen they were greatly surprised when attacked by the Jap fighters. They added, however, that the fighters were not "too aggressive. The B-32 gunners said they shot down two of the Nip fighters.

### Save Ration Books!

Ration books and gasoline stamps should be saved until further notice, the OPA warned today.

Because Ration Book No. 5 was called off, it will be necessary to use Book 5 for all articles still to be rationed. The green "canned goods" stamps, for instance, probably will be used for meat.

Gasoline rationing records will be required for the purchase of tires, according to present plans.

## EMPLOYMENT HERE IN CONFUSED STATE AFTER WAR'S END

### Fleetwings Will Lay Off As Cancellations of Military Contracts Are Received

### HOPE FOR FULL TIME

### Some Other Firms Cancel All Advertisements For Workers

The local employment situation is in a confused condition today, as was indicated by a hasty telephone survey of a number of the plants located in this area. The chief center of interest, of course, was what is in prospect for the large number of employees of Fleetwings, Division of Kaiser Cargo, Inc.

In a telephone interview a spokesman for the firm said that there would of necessity be lay-offs in proportion to the cut-backs on military contracts. The lay-offs will not be sudden as all of the cancellations have not as yet come through, but as they are received it was indicated that the services of employees would be terminated.

Asked as to the post-war plans for the plants, here, the spokesman replied: "We hope for full employment as reconversion is made to civilian work." He intimated that due to the confused conditions in Washington, following the sudden termination of the war with Japan, it was impossible to get a complete picture of the situation and what the future has in store.

Local firms who have been advertising in The Bristol Courier columns continuously for many weeks for workers and for housing accommodations for workers, suddenly cancelled all their advertisements this morning. One firm informed that they had over 20 more applicants for jobs than they could place at this time. Other firms said that they had not had any applicants or positions today.

### Home Front At A Glance

War Contracts.—Army cancellations already total \$23,500,000,000 a year; total armed forces cancellations expected to reach \$35,000,000,000 in a few weeks.

Unemployment.—May reach 8,000,000 before spring.

Manpower Controls.—Abolished.

Demobilization.—Army expects to release 5,000,000 in the next year; Navy will release 1,500,000 to 2,500,000 in year to 18 months.

Drift.—Continues, but inductions have been cut from 80,000 to 50,000 a month.

Congress.—Coming back September 5 to take up reconversion legislation.

Wage, Price, Rent and Transportation Controls.—Will be continued.

Automobiles.—Rationing to be continued until new production fills essential needs.

Household Appliances.—Such things as washing machines and vacuum cleaners to begin appearing in stores soon.

President Truman authorized the War Labor Board to relax wartime wage stabilization controls, called on labor to maintain its no-strike pledge and expressed hope for continued industrial peace during the reconversion period.

War Manpower Commission officials, fearing that 3,500,000 war workers face almost immediate dismissal, arranged a series of district meetings with labor and industry in an attempt to cushion unemployment.

The Army Air Forces and Army Service Forces disclosed contract cancellations totaling \$24,600,000,000 and including 31,000 airplanes.

A House committee launched the first post-war economy drive, investigating huge unexpended Army and Navy sums. The inquiry is part of a general plan to reduce income taxes by January 1st, 1946.

The Office of Defense Transportation revoked nearly all regulations governing the operation of commercial motor vehicles. ODT also lifted the ban on fairs and relaxed restrictions on conventions.

President Truman said he would soon make a recommendation on universal military training. He emphasized that he did not mean conscription.

### COTTON PROSPECTS

Cotton farmers this year are expected to produce 10,134,000 bales, according to a Department of Agriculture forecast based on conditions as of August 1. If this prediction is borne out, the 1945 crop will be 17 per cent smaller than last year's figure of 12,230,000 bales.

It will also be 18 per cent smaller than the annual average of 12,293,000 bales for the ten-year period between 1934 and 1944.

That is to say that this year threatens to be a poor cotton year. But the supply is not seriously threatened, since the carryover of stocks on hand is estimated at between 10,000,000 and 11,000,000 bales as of August 1, and in normal years a carry-over of 6,000,000 is considered ample. Even though domestic consumption during the 1945-1946 year is estimated at 10,000,000 bales, and from 3,000,000 to 3,500,000 will be exported, the carryover a year from now will be between 7,000,000 and 8,000,000.

Still, this short crop will be felt because it will mean less long staple cotton, which is in demand. Worse, there will be shortages of cottonseed oil and cottonseed meal, both very much in demand and very much needed at a time when fats and oils are scarce and when there is a shortage of feed for the herds that represent meat. So, though the experts say that the condition resulting from the reduced crop is "generally not unhealthy," the consumer will not find the picture too cheering. But undoubtedly cotton acreage next year will be boosted above the current figure, which is the lowest in sixty years.

### FUN LIVES ON

Magazines made up of nothing but comic strips are reported to be far in the front among periodicals and other reading matter favored by the men in the nation's armed forces. In some quarters concern has been expressed about this situation. But why? There is no reason for educators, child psychologists and others to be perturbed? The shapers of the lives of the younger generation count among their own number great minds which dote on the comics. Who has not among his friends able and worthy citizens who interrupt their reading of front page stories and turn over the pages to see what the comic characters are up to?

There is good reason why most newspapers give considerable space to these strips. They provide not only what teachers of dramaturgy call comic relief, but also express in their own odd way much of the feeling and tempo of modern life. Even Shakespeare had his Dromio, Caliban and other characters of the type which may be taken as the precursors of the clowns and valets of the funny pages of today.

Educators may well give over fretting about the popularity of the comics and bend their gifts and efforts against other and more nefarious exercises of the writers and artists.

### MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, acting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with aching and burning sometimes show there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

## Faith Clarke's SHOPPING TIPS FOR BUDGETEERS

**"CUTIE PIE" HATS**—they're darling! The famous Tailleur-Town folks designed 'em for the young crowd, but not-too-much-only mothers are also buying them! They're really a 1946 version of the beloved "pork-pie" of a season or so ago. As back-to-school or college millinery, they're perfect. The Snellenburg Tailleur-Town Millinery Bar is showing felt "Cutie-Pies" in high and conservative shades. Price, \$4.75. (2nd fl.)

**BOY-APPROVED SWEATERS**. Those famous Robert Bruce and McGregor warm wools. In both coat and pull-over styles, are now being shown for back-to-school boys wearing junior and student sizes. You'll find among these new sweaters rich "plains," tweed effects, checks, and some of those he-man Argyle plaids. All in the Boys' Center on the Snellenburg 3rd floor. I almost forgot to tell you—yes, there are both sleeved and sleeveless models. The prices for quality are most reasonable—\$2.45 to \$5.95. Plenty of school sweaters mean fewer colds! (2nd fl.)

**TAKE IT EASY** when frying chicken. Do it the slow, tenderizing way, just like grandma used to do in her covered skillet. I've found that skillet's counterpart! Perhaps I should say "duplicate." The Snellenburg Housewares Dept. has these cast-iron chicken fryers, each with a cast-iron lid, at \$2.45 each. They're wonderful for frying fish, too, sealing in the odor and flavor. For tough meats they're magic! Who ever selects the cooking utensils in the Snellenburg Housewares Dept. must herself be an expert cook. Look about the Department for interesting utensils new and old type—they'll suggest changes in your cooking techniques! (3rd floor.)

**1946 CHESTER-FIELDS**. The same good model basically, but, at Snellenburgs, with advanced style touches such as round lapels and—praises be—inner arm-straps to hold the coat in place when it is merely thrown over the shoulders. This particular "Chesterfield" model sponsored by Snellenburgs, is becoming in misses sizes 12 to 20 and equally flattering in sizes 33½ to 41½. An improved bottom back pleat insures stride freedom and a more graceful back silhouette. The sleeves are the regulation inset type but the shoulders are expertly rounded to agree with the newest fashion command. Velvet collars. Nicely lined Navy, blue, black. \$59.95. (2nd fl.)

P.S. Do send clippings with mail orders when you can! Phone free (5c, 10c, and 15c out-of-town calls only). Penna.—ENT, 10160; Jersey—WX-1150, Shop located Market, 11th to 12th Sts., Phila.—through to 1125-29 Chestnut St. Be hearin' from you! Faithfully, FAITH.

**BUY AHEAD** if you want to be sure of good snow-suits for your girls who wear sizes 7 to 14. The Snellenburg Girls' Dept. has some interesting snow-suits consisting of solid-tone warm ski pants and the favored contrasting water-repellent poplin jackets. Warmly lined. These will delight any girl. \$14.95. (2nd fl.)

**SCHOOL LONGIES**, in sizes 6 to 22, are to be seen in grand array in that inclusive Boys' Center of the Snellenburg store. You and the boys will find coverts, gabardines, check and herringbone weaves, plains, even some standby corduroys. Prices vary to suit individual budgets—\$3.85 to \$9.95. Remember that the boy with two or three changes is bound to be a more self-respecting guy. Many a student—boy or girl—gets low marks due to feeling inferior because of too few or too shabby outfits! (3rd fl.)

**SCHOOL SUPPLIES**. Give the youngsters a fair start to school this term! Why not take them for a shopping trip to the Snellenburg Stationery Department, and let them select the school supplies that most appeal to them? Remember when we used to call pencil cases "companions"? One, to me, was outstandingly beautiful—black with gold flowers on it. Nor was its beauty lessened in my eyes then because it came from Japan. The Snellenburg collection of schoolbags will give pleasure. They come at different prices, \$1 to \$3.50, but there's one of excellent value at only \$1.69. Made of water-repellent canvas, it has pencil and lunch pockets, bound edges, an expandable bottom pleat. High school brief cases cost \$2.95, \$3.50, \$5.50. And real zippered metalizing notebooks are again available, at \$3.95 for canvas covers, \$5.50 for leatherette, \$5.95 for split cowhide, plus 20¢ tax. Wish I were going back to school too! (1st fl.)

**NOTHING SMARTER** than a woolen check for fall. Just now beautiful all wool checks can be had in the Snellenburg Woolen Goods Dept., at from \$3.50 to \$4.98 a yard, 50 to 54 inches wide. Most of them are of the silhouette-reducing "hound's tooth" variety. The checks are in different sizes, including the tailor-approved "shepherd" size. These wools are too good to last indefinitely. Put them at the top of the list for your very next shopping trip! (2nd floor.)

## THE GREAT GAME OF POLITICS

by FRANK R. KENI

Continued from Page One

is closest to Mr. Truman, is convinced that he will win in that direction and that Black-Douglas-Murphy philosophy is not his philosophy. At any rate the journalistic organs of the press are pessimistic about this movement and openly assert that it is not that can be hoped for is a political justice of recognized merit. They make no secret of belief that this sort of man can be obtained through the custom of going to the President. Conceding, therefore, that presidential choice will not fail an out-and-out crusader, it is fairly certain that his appointment will not strengthen the Douglas-Murphy group. For, selects either a nonpolitical, equipped lawyer, or a senator, Mr. Austin, his selection is sure to settle down into agreement with the general conventional views of the Chief Justice Frankfurter and Justice Jackson.

—0—  
this, while it will not cement control of the court, will in the unfortunate condition which it was before Justice resigned. With Justice have usually gone Justices as, Murphy, Rutledge and. Sometimes Justice Reed has to go along, but in the main the past two years the Black-Douglas-Murphy group have dominated and the other four reduced by a few. With the member detached the President in several cases majority of four has rendered decision. Thus, the Black-Douglas-Murphy combination in a number of instances has been able to stand Supreme Court decisions have stood for generations and at least one industry—insurance—nothing like chaos has resulted.

—0—  
reasons the Truman appointment of a man who will take Justice Robert's place in adhering to our dissenters, even though it

does not change the relative strength of the two sides, is more important than it seems are, first, because it will be convincing testimony that the President is not in sympathy with the radical majority; second, that if, and when, the Chief Justice retires, Justice Jackson probably will succeed him; third, the more knowledge that the President's heart is not with the crusaders will tend to diminish their power. With the appointment of a moderate instead of a radical to the vacancy the division within the court, by which the Black-Douglas-Murphy bloc has so often had a majority and because of which the four-justice decisions have upset so many precedents, will still prevail—for a time at least. But future prospects will be better for a more stable and balanced court.

### Jap Gov't Says Cessation of Hostilities is Under Way

Continued from Page One

charge yesterday by Soviet Marshal Alexander M. Vasilevsky that the commander of the Japanese Kwantung Army was continuing the fighting despite the Emperor's "cease fire" order.

But a Domei dispatch, picked up today by the PCC, said that the

Supreme Commander of Japanese troops in China, Gen. Yasuji Okamura, had ordered his forces to cease fire "at dawn" today.

The new Delhi radio was heard earlier in the morning by the FCC quoting a "message" from Chungking saying that Okamura had informed Generalissimo Chiang Kai-shek of his agreement to surrender the Japanese armies in China.

The Japs had previously told MacArthur that they themselves would have some difficulty putting into effect the Emperor's order. This message, received last night, claimed that it would take six days for the Imperial Order to "reach the front line and produce full effect" in China, Manchuria and Korea.

The Japs also estimated that the order could not be enforced among isolated units in the Philippines and New Guinea until 12 days have elapsed.

## Miss Winifred E. Riggs Is Wed To Clifford Ingraham, Jr.

An attractive wedding was solemnized in Harriman Methodist Church at the hour of six, Wednesday evening, when Miss Winifred E. Riggs, daughter of Mrs. Harry Swank, 336 Wood street, became the bride of Clifford N. Ingraham, Jr., A. O. M. 2/c. of the U. S. Navy, son of Mr. and Mrs. Clifford N. Ingraham, Newportville. The officiating clergyman for the double ring ceremony was the Rev. Robert Lang, pastor of the church.

Before the ceremony, Miss Claire Bradley gave two vocal selections, "Because" and "O Promise Me," and just prior to conclusion of the ceremony she sang "I Love You Truly." The organist was Mrs. Alfred Rogers, who accompanied the vocalist and also provided the wedding marches.

The bride's attendants were inclusive of: her sister, Miss Mae Riggs, who served as maid of honor; Miss Christine Pollard, Brooklyn, N. Y., cousin of the bride; Miss Jacquelin M. Ingraham, sister of the groom; Miss Helen Woods, 320 Jefferson avenue, Miss Rosemarie Welsh, Roosevelt street, the bridesmaids. The groom's attendants were: Mr. John Worthington, Treviso, who served as best man; Angelo Antonelli, S. K. 2/c. of Bristol; PFC Franklin Becker, Newportville; Cpl. Charles E. Mount, Garfield street, and James Loughran, U. S. Navy, a resident of Bristol, as ushers.

The bride was attired in a gown of white satin and chiffon, it being entrain. Cut on princess lines, it featured a sequin-trimmed bodice. The gown had a sweetheart neck-

line, and long sleeves ending in points over the hands. Her fingertip veil was held in place by a tiara of pearls. She wore white satin slippers, and carried a small white Bible on which rested an orchid. Miss Mae Riggs, the maid of honor, wore a pale yellow, floor-length gown, the shirred bodice being of satin and the bouffant skirt of chiffon. It had a sweetheart neckline and bracelet-length sleeves. Miss Riggs wore yellow satin slippers and carried a bouquet of lavender asters. The quartet of bridesmaids were attired in blue floor-length gowns, patterned with shirred satin bodices, and bouffant skirts of chiffon. Necklines were sweetheart style, and sleeves were bracelet length. All wore blue satin slippers. Their headresses consisted of pale blue veils, shoulder length, held in place by tiaras of blue flowers. They carried bouquets of pink asters.

Two little nieces of the groom, who were named as flower girls, were unable to serve in the bridal party due to the ban on gatherings of children locally. Those selected were Susan Perpetua, Maple Shade, and Lois Baxter, of Langhorne. Immediately following the ceremony, a reception was held at the home of the bride's mother for relatives and friends. Guests were from New York, Connecticut and various parts of Pennsylvania.

The bride's mother was attired in a green and white two-piece suit with luggage tan accessories. The groom's mother wore a navy blue sheer dress with white accessories. Each wore a corsage of white asters.

The newlyweds will take a short honeymoon trip, the bride traveling in a brown and white dress with brown accessories. They will then go to California where they will reside.

The bride's gift to her attendants were gold link bracelets, and the groom presented his attendants with wallets.

weeks visit with her mother, Mrs. Sara Cossler, Evansville, Ind. Mrs. Fred Harrington and daughter Connie, Newark, N. J., are spending several weeks with her brother-in-law and sister, Mr. and Mrs. Elwood Mount, Garfield street. Thomas Nickerson, Jr., Edgely, was a guest last week of Mr. and Mrs. Kenneth Brown, Wilson avenue.

Mr. and Mrs. Frank Hampton, Buckley street, entertained Mrs. Norman L. Davison, of Norwood, several days last week.

Mrs. James Cullen, Miss Anna Cullen and Miss Rose McGlynn, Cedar street, visited in New York City, and spent several days with Mr. and Mrs. James McGlynn.

## VOLTZ SPLITS TWO GAMES DURING THE PAST TWO NIGHTS

Bristol Nine Defeats The American Steel By Score of 4 to 3

LOSES TO ROEBLING IX

Sullivan Turns In Performance Which Brings a Victory

The Voltz-Texaco team split its two games over the past two evenings, winning over the league-leading American Steel team, 4-3, and losing to the second-place J. A. Roebling nine, 4-2. Both games of the Trenton Industrial League were played on Leedom's field.

It was the southpaw, "Eddie" Sullivan, who turned in the hill performance which beat the Steelers. In doing so, he held the league-leaders to eight scattered blows and blanked them for the first six frames. Eddie was backed with fine fielding support.

Opposed to Sullivan on the mound for the Steelers was "Les" Eilers, who also allowed eight hits. But Eilers was slow in getting started and allowed the Oilers all their markers in the early stage of the game. In the last five innings, the Voltz-men had but two hits off the Trenton hurler and failed to score a run.

But in the first frame, the Bristolians scored twice on hits by Rockhill, Broderick, and J. Dick, a sacrifice by Angelina, and an infield out. Again in the second, the gamblers scored when Mari and Sullivan had hits and Rockhill flied out to score Mari after the catch. The fourth run was the result of an error by Elbert, a passed ball, and an infield out.

The fans thought Sullivan was heading for the showers in the sixth, as the visitors scored twice and had two runners left on base. With one gone, Elbert and Gampel connected for base hits and Moe Coffee walked. Kuzma hit safely but neither Johnny Coffee nor Kelly could produce a base blow.

The Roebling-Voltz game was a pitcher's battle between two former team-mates, "Lonny" Heisler and Al Carey, with the former being the victor. Howie Black relieved Carey with two out in the sixth inning of this contest.

For four innings the tilt was scoreless with Carey failing to allow a hit and allowing a batsman to reach base, only twelve facing him while Heisler allowed one walk and no hits during the same stretch.

But Carey began to weaken in the fifth and Pulcini touched him off with a single. Felski followed and was safe on a fielder's choice. A hit by McGowan and an outfield fly accounted for two runs.

When Carey went sour in the following inning with two out, Black went in as a relief hurler. Consecutive hits by Budd, Pulcini, and Felski drove Carey from the mound and gave the Trenton team a 3-0 lead which was increased another run in the seventh on a hit by Sabo, a hit by Wiater, a sacrifice, a hit batsman, and a fielder's choice.

After holding the Voltz-men to a lone hit for six innings, Heisler was nicked for a single by Dick, a triple by Griggs, and another hit by Sullivan to give the ultimate losers a pair of markers in the seventh.

In the final stanza, Brendel batted for Black and started off with a hit. Rockhill followed with another safety but Heisler bore down and struck out both Mari and Costello and got J. Dick on a fly to first.

32 degrees Fahrenheit—Water "freezes" at that temperature.

It may be to your advantage to "freeze" your Social Security Retirement payments.

When you do it—After you have reached 65 if your wages have been reduced, even though you continue to work at the reduced salary.

Why you do it—Your insurance payments are figured on your average monthly wages up to the time you file an application. That's why it is important to file as soon as your salary is cut even though you don't get any checks until you actually stop working.

## ARROWS HALT THEIR LOSING GAIT AFTER EIGHT GAMES

Flectwings IX Defeats The Eastern Aircraft Team By Score of 5 to 3

LUKENS' FINE CATCH

Four Runs in Fifth Give The Arrows Their Triumph

TRENTON, Aug. 17—The Flectwings Arrows halted their losing streak of eight straight games and leaped from the cellar of the Trenton Industrial League last evening on Wetzel field by beating Eastern Aircraft, 5-3.

A sensational catch by Joe Lukens, leftfielder for the Arrows, saved the game for the Bristol team. Lukens made a wonderful running catch along the foul line of Tesaro's fly in the sixth and doubled Derico by making a perfect peg to the plate.

Four runs in the fifth gave the Arrows the triumph. In this frame, Warwick went on a wild streak with two out. Tosti reached base on an error, Lyczak was walked, and Lukens was hit with a pitched ball to load the bags. Ritter cleared the bases with a long single and scored himself while a couple of bad throws were going on in the infield.

"Herm" Pinna buried the six-hit victory for the Arrows and should have had an easier time of the goings as the Jersey team did not have an earned run. The Arrows' first marker was earned.

Both Lukens and "Bill" Ritter had a pair of hits for the winners with the latter driving in three runs.

**Premium Pay Holidays Were Set for Wednesday And Yesterday in Error**  
Continued from Page One

employees should receive a couple of days off to celebrate Japan's surrender, nor with the amendment to an executive order that added V-J Day to the list of legal holidays on which government contract workers were to receive pay at time-and-a-half for remaining at their posts.

The real mixup was that the person writing the Presidential de-

visions into the form of an official statement made the mistake of confusing Presidential largesse to Federal workers with contract obligations of thousands of war production companies who are bound to recognize "legal holiday" in terms of dollars and cents.

"Erroneous and inconsistent" was the phrase applied to the first statement of Tuesday night, which read:

"President Truman Wednesday amended Executive Order 9249 to declare August 15 and 16, 1945, legal holidays for premium pay purposes. He said it was necessary to do this in order to permit essential work to be performed on those days. The President said that, since the National War Labor Board had permitted the payment of straight-time wages for employees who are excused from working on those days, many employers had requested that employees who do work on that day should receive premium compensation. By adding these two holidays to the other six holidays heretofore specified in Executive Order 9249, the President's amendment requires the payment of time and a half to war workers for work which is performed on that day."

At noon came a White House statement that the second statement, along with the amendment to the executive order, should not have been issued at this time. It has been intended, read the explanation, not for Wednesday or Thursday, but for the official V-J Day which the President has yet to name.

The V-J Day proclamation of a full-fledged legal holiday was in preparation at the White House today, and if issued Friday, as expected, will set aside Sunday as a day of thanksgiving and prayer.

Meanwhile, contractors for war supplies, operating on a cost-plus-fixed-fee basis, who have granted holidays to workers in conformity with the erroneous White House statement are wondering who is to pay the cost of the misinterpretation of "legal holidays." Legally, the question is whether the contractors who followed the White House stipulation that Aug. 15 and 16 be legal holidays within the meaning of Executive Order 9249 should pay their employees or whether the Government and thus ultimately the taxpayer should foot the bill.

At the Labor Department, which has immediate jurisdiction over administration of the original premium pay order, it was said the subject was one for consideration of the War Labor Board and the appropriate Federal procurement agencies.

"It is just one of those things

that will have to be worked out with the cost-plus contractors and the procurement agencies," explained a spokesman for the solicitor's office of the Labor Department.

Robert Nathan, assistant Reconstruction Director, said "the idea was that everybody who possibly could be spared should not have to work Wednesday or Thursday."

Meanwhile an explanation and clarification to cost-plus and other Government war contractors was promised as forthcoming from the agencies involved.
